

# VMware vSphere Jumpstart with vCenter Lab Manager

## Overview

Customers and partners of VMware vSphere™ can learn more about its use for software development, testing, and support. This jumpstart provides knowledge transfer on VMware vSphere in conjunction with a demonstration of VMware vCenter™ Lab Manager. Participants will learn how to improve productivity, consistency, and speed of the software development and testing cycle through virtualization.

## Benefits

- Understand effort, approach, and resources required to leverage virtualization for software development and testing processes
- Justify adoption of virtual infrastructure for software development and testing
- Understand how to improve time-to-market for software delivery, and reduce development and testing costs

## Deliverables

- Interactive proof-of-concept workshop on VMware vSphere and its use for software development and testing
- Guided tour of VMware vSphere and VMware vCenter Lab Manager capabilities
- Installation and configuration of a standard installation
- Best practices guidance on setup and operations of VMware vSphere for software test labs

## Target Audience

Customers and partners of VMware vSphere, who want the benefits of virtualization for the software development and test cycle. Companies whose core business is software development, those who provide development and testing and consulting services, and IT groups involved in software development and testing are part of this audience. Development, quality assurance, production operations, and IT staff responsible for system architecture, storage, network, servers and services management will be interested in this offering.

## Key Activities

Action	Responsibility
Kickoff Call	All
VMware vSphere Concepts	Consultant
VMware vCenter Lab Manager Concepts	Consultant
Proof-of Concept Installation of VMware vSphere and VMware vCenter Lab Manager	Consultant
Guided Tour of VMware vSphere and VMware vCenter Lab Manager	Consultant
Wrap-up Session	All

## Scope and Pricing

- Up to four (4) days on-site
- Maximum of five (5) participants
- VMware vSphere with VMware vCenter Lab Manager Jumpstart to be delivered by a VMware Certified Professional (VCP) Consultant from VMware or from a VMware Solution Provider
- Contact your local VMware representative for pricing information
- Credits are redeemable for this offering

## Requirements

- Server hardware for VMware vSphere and VMware vCenter Lab Manager
- Minimum of 60GB local free disk space. Supported NAS, iSCSI or SAN storage
- Conference room with projector and networked computers running MS Windows® 2000 or higher

## For More Information
