

# VMware Certified Professional - Cloud Operations 2023 (VCP-CO)

## CERTIFICATION REQUIREMENTS INTRO

Certification Requirements hold value because they signify that you have undergone the necessary lessons, training, seminars, and hands-on experiences that are required to fill the job.

## LEARN MORE

We welcome you to visit the official VCP-CO 2023 certification webpage:

<https://www.vmware.com/learning/certification/vcp-co.html>

## CERTIFICATION SUPPORT

If you need help with a Certification Path or with Certification Requirements, please contact the Certification Support Team at: [certification@vmware.com](mailto:certification@vmware.com)

## CANDIDATE AGREEMENT

The *Candidate Agreement* is a legal document between the candidate and VMware regarding participation in the VMware Certification Program including access to and use of any Program benefit, VMware Certification credentials, or any VMware Certification logo that VMware makes available as part of the Program.

## CERTIFICATION OVERVIEW

The VCP-CO 2023 certification validates your ability to install, configure, administer, and operate a multi-cloud infrastructure using vRealize Operations, vRealize Log Insight, and vRealize Suite Lifecycle Manager. These skills demonstrate your ability to optimize and troubleshoot your data center and cloud infrastructure whilst providing operational visibility and transparency.

In this document we show the different certification paths available to earn the VCP-CO 2023 certification, depending on what certifications you already hold. You may follow this guide as a learning resource of what is required of you to earn this certification.

## FAQs

---

### **Why does the VCP-CO 2023 have a year designator as its version?**

Cloud Management and Automation solutions are frequently updated. Having a year as its certification version allows VMware to better maintain the exam and training content, and more importantly, provides certification candidates to communicate how current their skills are in relation to other certifications.

### **Do I have to complete the requirements in the order listed?**

No, however we strongly recommend that you do so. Also, please note that successfully registering to take an exam does not imply that you meet the certification requirements in full.

### **How do I share my VCP-CO 2023 badge?**

When you've earned a VMware badge, you will receive an email notification alerting you to claim your badge. When you accept your badge, you'll be brought immediately into a sharing workflow that allows you to share to Facebook, Twitter, and LinkedIn, embed in a personal website, or share over email.
