

VMware Briefing Center

Accelerate Your Enterprise Cloud Transformation in 3 Easy Steps

1 Meet your advisers

Collaborate with VMware experts to solve your company's unique infrastructure and technology issues. Our team will give you the opportunity to explore VMware solutions, view in-depth demonstrations and more.

2 Choose a convenient location, or join us online

Select from three flexible briefing formats:

Online

100% remote briefing session featuring interactive content.

Hybrid

Highly adaptive experience for both on-site and remote participants.

In-person

All attendees meet on-site at a VMware Briefing Center.

Visit one of our seven locations worldwide

3 Explore and implement your custom solutions

Explore your specific needs with VMware experts, learning about the latest cloud, edge and endpoint solutions that can help accelerate innovation. Then, embark on your personalized cloud-smart journey!

Ready to get started?

Over 500,000 customers — including many of the world's leading companies — have already chosen VMware to build, run, manage, connect and protect their apps. And we stand ready to help your organization too.
