

vmworld®

OCTOBER 5 – 7, 2021
ONLINE AROUND THE GLOBE

Join us online around the globe for VMworld 2021, where our IT subject matter experts (SMEs) will share best practices, lessons learned and implementation tips from their VMware product deployment journeys during breakout sessions.

You can also schedule meetings with an IT SME on a specific topic during VMworld 2021. Contact your account representative or vmwonvmw@vmware.com to schedule. Check out vmworld.com for more details on these sessions, to register, and to build your session schedule.
