

Join us online for VMworld 2020, where our IT subject matter experts (SME) will share best practices, lessons learned and implementation tips from their VMware product deployment journeys during Breakout sessions, Expert 1:1 sessions, and Expert roundtables.

You can also schedule meetings with an IT SME on a specific topic during VMworld 2020. Contact your account representative or vmwonvmw@vmware.com to schedule. Check out vmworld.com for more details on these sessions.

Breakout Session	Session No.
App Modernization	
How VMware IT Uses Tanzu Application Service (TAS) for VMs to Improve Developer Productivity and App Operations	<u>MAP1077</u>
Digital Workspace
