VMware Success 360 Standard for U.S. Federal Agencies

Continually realize value from your VMware investments

Business challenge

Technology adoption is not a single event. It is a continuous journey of innovation with new business opportunities to investigate, new discoveries to be made, and new routes to uncover. Achieving the expected outcomes from technology investments requires identifying the best routes, avoiding roadblocks, constantly monitoring, and measuring progress, and adjusting based on those metrics.

Success requires that both you and VMware have a laser focus on your desired goals and knowledge of what the best steps are to attain them. To do that we must work together.

Service overview

VMware Success 360™ Standard for U.S. Federal Agencies is a comprehensive success offering that guides you through all the stages of your journey with VMware solutions. Delivered by U.S. citizens located on U.S. soil, it provides a consistent way of working with VMware that will help you continually realize value and achieve outcomes faster from your investments.

There are several components – Success Planning, Adoption Accelerators, Digital Learning and Prioritized and Proactive Support.

Success Planning

Access self-service resources to create a personalized Success Plan based on your current state and desired goals and provide guidance across all VMware Success 360 features to maximize the value you receive from our services. You will have access to our Success Desk team, who will work with you to:

- Provide guidance on how to utilize our self-service Success Planning tools
- Assist with any inquiries related to additional VMware Success 360 services
- Recommend relevant Adoption Accelerators, Digital Learning, or optional fee-based services, such as Professional Services or Technical Account Management, that may be needed to accomplish your goals

Adoption Accelerators

We identified common customer challenges around key areas such as getting started, onboarding, or adoption and organized our assistance into an Accelerator Catalog of self-service resources and workshops based on the
