

# VMware Carbon Black App Control

## Professional Services Quick Start Package

### Overview

The VMware Carbon Black App Control Professional Services Quick Start Package provides implementation services to assist Customer with getting started with the VMware Carbon Black App Control license purchase. A VMware Consultant will work jointly with the Customer team via remote working sessions to implement and configure VMware Carbon Black App Control.

### Knowledge Requirements

It is expected that at least one Customer representative have knowledge of the VMware Carbon Black App Control Administration function. To obtain this knowledge, Customer should attend the VMware Carbon Black App Control Administration training course (to be purchased separately) within the first month of commencing the implementation project.

### Project Activities

- Lead project kickoff call and produce project definition document
- Lead design strategy working session and provide design document
- Assist in configuring the VMware Carbon Black App Control server (one administration console)
- Assist in deployment of up to 100% of purchased licenses in low enforcement policy
- Assist in deployment of up to 50% of purchased licenses in higher enforcement policies
- Deploy up to five (5) Network Connectors for Company supported devices, if needed
- Transition to Company support
- Provide project closure notification email

### Project Scope

License Quantity	≤ 100	>100 to ≤300	>300 to ≤500	>500 to ≤750	>750 to ≤1,000	>1,000 to ≤2,000	>2,000 to ≤3,000	>3,000 to ≤5,000	>5,000 to ≤10,000
Up to # Hours	24	32	40	48	56	80	104	128	192

### Out of Scope

The VMware Carbon Black App Control Quick Start Package does not include:

- Customer solution training other than the defined in scope services
- Configuring more than one administration console
- Developing custom documentation
- Building of custom scripts or feeds
- Performing custom threat feed configuration
- Remediation/removal of unauthorized, malicious, or unwanted files
- Investigation and analysis of potential malware and threats
- Troubleshooting integration or infrastructure issues when deemed to be non-Company product

## Project Scheduling

After Customer purchases the Package, Customer will receive an email notification with instructions on engaging the VMware Professional Services team to schedule the project kickoff call.

**Travel Expenses:** Travel expenses are not included in the Package.

**Customer Team:** The Customer is expected to provide the appropriate personnel to support the implementation service's working sessions.

**Cancellations:** Provider will decrement the Customer's allotted hours for any planned remote session time, on a per resource basis, that is cancelled within two (2) business days of the scheduled time.

**Communication in English:** Provider assumes that all communication between Provider and Customer, verbal and written, will be in English.

**Working Hours:** VMware Professional Services will be performed during normal VMware business hours and workdays (weekdays and non-holidays).

## Terms and Conditions

This Datasheet is for informational purposes only. VMWARE MAKES NO WARRANTIES, EXPRESS OR IMPLIED, IN THIS DATASHEET. All VMware service engagements are governed by the VMware Professional Services General Terms and Conditions (see <http://www.vmware.com/files/pdf/services/tc.pdf>). If you are located in the United States, the VMware contracting entity for the service will be VMware, Inc., and if outside the United States, the VMware contracting entity will be VMware International Limited.

If you purchase this packaged service outside of the ELA, the service must be delivered and accepted within the first 12 months of the purchase, or the service will be forfeited.

## About VMware Professional Services
