

VMware Carbon Black Cloud Enterprise EDR Migration

Professional Services Package

Overview

The VMware Carbon Black Cloud Enterprise EDR Migration Professional Services Package provides implementation services to assist Customer with migrating from VMware Carbon Black EDR or VMware Carbon Black Hosted EDR deployment to a new VMware Carbon Black Cloud Enterprise EDR deployment. A VMware Consultant will work jointly with the Customer team via remote working sessions to provide recommended best practices advice and product knowledge transfer to assist Customer with the migration.

The Package requires the following:

- The purchase of VMware Carbon Black Cloud Enterprise EDR licenses to replace the existing VMware Carbon Black EDR or VMware Carbon Black Hosted EDR licenses
- It is expected that at least one (1) member of the Customer team has completed the self-paced VMware Carbon Black Cloud™ administrator training materials including the VMware Carbon Black Cloud Enterprise EDR modules

Project Activities

- Lead project planning call
- Review important differences in using VMware Carbon Black EDR or VMware Carbon Black Hosted EDR and VMware Carbon Black Cloud Enterprise EDR
- Provide guidance in deploying VMware Carbon Black Cloud Enterprise EDR sensors and removing the VMware Carbon Black EDR or VMware Carbon Black Hosted EDR sensors
- Assist in the importing of watchlists and sensor groups and assist in integrating Customer's SIEM solution, if applicable, with VMware Carbon Black Cloud Enterprise EDR
- Conduct user interface and alerts walkthrough sessions
- Conduct threat hunting working session
- Transition to Company support
- Provide Project closure notification email

Project Scope

The professional services hours included in this package is up to 8 hours.

Out of Scope

The VMware Carbon Black Cloud Enterprise EDR Migration Package does not include:

- Migration of sensor data from VMware Carbon Black EDR or VMware Carbon Black Hosted EDR deployments
- Customer solution training other than the defined in scope services
- Developing custom documentation
- Building of custom scripts or feeds
- Performing custom threat feed configuration
- Remediation/removal of unauthorized, malicious, or unwanted files
- Investigation and analysis of potential malware and threats
- Troubleshooting integration or infrastructure issues when deemed to be non-Company product issues

Project Scheduling

After Customer purchases the Package, Customer will receive an email notification with instructions on engaging the VMware Professional Services team to schedule the project kickoff call.

Travel Expenses: Travel expenses are not included in the Package.

Customer Team: The Customer is expected to provide the appropriate personnel to support the migration service's working sessions.

Cancellations: Provider will decrement the Customer's allotted hours for any planned remote session time, on a per resource basis, that is cancelled within two (2) business days of the scheduled time.

Communication in English: Provider assumes that all communication between Provider and Customer, verbal and written, will be in English.

Working Hours: VMware Professional Services will be performed during normal VMware business hours and workdays (weekdays and non-holidays.)

Terms and Conditions

This Datasheet is for informational purposes only. VMWARE MAKES NO WARRANTIES, EXPRESS OR IMPLIED, IN THIS DATASHEET. All VMware service engagements are governed by the VMware Professional Services General Terms and Conditions (see <http://www.vmware.com/files/pdf/services/tc.pdf>). If you are located in the United States, the VMware contracting entity for the service will be VMware, Inc., and if outside the United States, the VMware contracting entity will be VMware International Limited.

If you purchase this packaged service outside of the ELA, the service must be delivered and accepted within the first 12 months of the purchase, or the service will be forfeited.

About VMware Professional Services
