

VMware Application Catalog™

Sub-Processors

VMware may hire other companies to provide certain services on its behalf. Sub-processors who may process Content (as defined in the General Terms) are itemized below. VMware affiliates may also process Content. As set forth in the Data Processing Addendum, VMware has adequate data transfer mechanisms in place with each sub-processor. The list below does not apply to pre-release versions.

Sub-Processor	Country	Services Performed	HQ Address	DPO contact	Data Transfer Mechanism
Amazon Web Services, Inc.	USA	Hosting provider and platform services	410 Terry Avenue North, Seattle, WA 98109 USA	aws-EU-privacy@amazon.com	Standard Contractual Clauses
Google, LLC	USA	Hosting provider and platform services	1600 Amphitheatre Parkway Street, Mountain View, CA 94043 USA	Google Cloud Platform Data Privacy Enquiry Form	Standard Contractual Clauses
Functional Software, Inc.	USA*	Exceptions management	132 Hawthorne Street, San Francisco, CA 94014 USA	legal@sentry.io	Standard Contractual Clauses

** The country listed is the sub-processor's primary location. VMware purchases the sub-processor's standard offering and thus the sub-processor controls the country in which data is stored.*

VMware may use additional sub-processors for customer support – see the sub-processor listing for [VMware Support Services](#).

If you would like to receive updates to this sub-processor list, please go <http://pages.cloud.vmware.com/sub-processor-communications>, and enable notifications for this sub-processor list.
