

VMware Workspace ONE® Intelligence™ for Consumer Apps

Sub-processors

Dated: June 22, 2022

VMware may hire other companies to provide certain services on its behalf. Sub-processors that may process Content (as defined in the Terms of Service) are itemized below. VMware affiliates may also process Content. As set forth in the Data Processing Addendum, VMware has adequate data transfer mechanisms in place with each sub-processor. The lists below do not apply to pre-release versions.

Sub-Processors:

Sub-processor	Country	Services Performed
None	n/a	n/a

Data Center Providers:

Service Provider	Primary Location	Back-Up Location	DR Location
*Amazon Web Services, Inc.	USA	USA	Same as back-up
	Ireland	Ireland	
	Germany	Germany	
	Japan	Japan	
	Australia	Australia	
	Canada	Canada	
	United Kingdom	United Kingdom	

*The email service provided using AWS SES is encrypted and routed through the US data center location.

VMware may use additional sub-processors for customer support – see the sub-processor listing for [VMware Support Services](#).

If you would like to receive updates to this sub-processor list, please go to the [Cloud Services Preference Center](#) and enable notifications for this sub-processor list.
