The VMware Partner Network (VPN) is the framework for collaboration between VMware and our partners, offering a wide range of benefits, training resources, certifications, and rewards to ensure our mutual success. VMware strives to provide a consistent, predictable and profitable program that enables you to grow with us. The Solution Provider Program targets partners who, not only resell software and hardware, but also combine their technology expertise with services. Solution Provider offerings can include the design, planning and deployment of complex virtualization solutions to meet the needs of their customers.

Through robust sales and technical training, certifications, exceptional marketing and sales tools, and reliable technical support, you as a VMware partner are fully enabled to deliver proven technology as well as valued expertise and services to your customers. This program gives partners:

- **ACCESS** to benefits, rewards and resources that help drive license and service business
- **INCREASED** profitability
- **NEW OPPORTUNITY** creation
- **DIFFERENTIATION** from the competition
PROGRAM OVERVIEW

Complete the VMware Partner Network (VPN) Agreement

The VPN Agreement gets your VMware partner journey started. This is your initial stage before joining the Solution Provider Program.

Limited Access to the Partner Central secure portal to
- Learn more about and decide if the Solution Provider program fits your business model.
- Attain needed sales and technical solution skills to join the Solution Provider program.

NOTE: Reselling rights are not yet available.

Professional

Upon completion of the above requirements, including submission of Program Agreement program fee payment, the partner is active and able to transact at the Professional level.

- Reselling rights
- Training discounts
- NFR/IUL Licenses
- Safeguard Registration
- Partner Locator listing
- Access IP materials

Enterprise

Upon completion of the above requirements, the partner is now an Enterprise level Solution Provider.

- Professional benefits plus:
  - Opportunity Registration upfront discount
  - Solution Rewards rebates
  - Development Fund eligibility
  - Purchasing Plan eligibility
  - Additional NFR/IUL licenses

Premier

Upon completion of the above requirements, the partner is now a Premier level Solution Provider.

- Enterprise benefits plus:
  - Premier Rewards rebate
  - Additional NFR/IUL licenses
  - VMware Partner Management eligibility
PROGRAM OVERVIEW

INITIAL ENROLLMENT STEPS

1. **VPN Enrollment**
   Join the VMware Partner Network (VPN) from [www.vmware.com](http://www.vmware.com) by completing the VPN Enrollment Form and accepting the VPN Agreement. Initial partner status will be VPN Enrolled (includes no resell rights).

2. **Program Selection**
   Once enrolled, the Partner Primary Contact receives access to Partner Central, our partner portal. On the Partner Central homepage, you must select the Solution Provider route and proceed to the next steps.

3. VMware sends the Primary Contact an email with Partner ID that allows limited access to Partner Central.

4. Log onto Partner Central and click on "Select Program".

5. Select "Solution Provider" from the list, select the Preferred Distributor and hit "Submit".

Program at-a-Glance:
- **Program Overview**
- **Value**
- **Enrollment**
- **Progression**
Register for the required trainings in VMware Partner University by going to the “Accreditation” tab and selecting the VSP and VTSP Foundation courses.

Once all training requirements are met, the “Progression” button will appear on your Partner Central homepage, allowing you to complete the Solution Provider form and accept the Program Agreement.

Once training is completed, a confirmation is emailed to the Primary Contact.
VMware will send the Primary Contact an eligibility confirmation email to progress to Professional tier, effective upon payment of the annual program fee.

Clicking on "Payment" directs you to the Fee Store, where you must select "Proceed to Checkout" to complete payment.

Upon receipt of payment, the Primary Contact will receive the below automated email containing your Partner ID. You now have full access to Partner Central.

Partner will not progress to Professional tier until VMware approves the Program Agreement and the annual program fee is paid.
ENTERPRISE LEVEL PROGRESSION STEPS

1. **Complete Training Requirements**
   To progress to Enterprise, you must attain subsequent training in Partner University. Additional individuals in your organization must complete VSP and VSTP Foundation accreditations, as well as VCP certifications. Additionally, you must attain at least one Solution Competency.

2. **Complete the Compliance Requirements**
   Complete the Ethics and Compliance training in Partner University

3. **Enroll in Enterprise Program Tier**
   Partner receives an invitation to progress once the requirements have been met and immediately after it needs to fill out the progression form

4. **Pay Progression Fee**
   Partner will progress to the next tier upon payment of program fees

5. **Progress**
   A welcome email will inform the partner of successful progression to the Enterprise tier and access to additional program benefits
The following program benefits are available for Solution Provider Partners. These benefits will contribute with your success as a VMware partner.

## Benefits

### Renewal Center
- **Benefit:** Self-service capabilities to help drive VMware upsell and renewal opportunities.
- **Details:**
  - Cross-sell/up-sell support
  - Intuitive quote request
- **Tier Eligibility:** All Partners

### Not For Resale (NFR) Licenses
- **Benefit:** No-cost VMware product licenses for lab testing, in-house demo, and training and educational. Eligible partners also receive one year of subscription services with the NFR software.
- **Details:**
  - All VMware products
- **Tier Eligibility:** Professional, Enterprise*

### Internal Use Licenses (IULs)
- **Benefit:** Production licenses offered at substantial discounts to help partners get first-hand understanding of software capabilities. Partners are required to purchase subscription and support for the use of internal use software, and are allowed to purchase an amount worth of licenses per year.
- **Details:**
  - Discount on selected licenses
- **Tier Eligibility:** Professional, Enterprise**

### Partner Technical Support
- **Benefit:** Support Codes are granted to partners according to their partner membership level. Partners can use their Support Code entitlements against any Not For Sale License. Each membership level is granted a number of Support Code Incidents per year.
- **Details:**
  - Incidents by tier
- **Tier Eligibility:** All Partners

### Partner Locator
- **Benefit:** Allows the VMware external customers and partners to intuitively search for partners to help address desired business goals.
- **Details:**
  - Search can be done by partner type, level and competencies they have
- **Tier Eligibility:** All Partners

---

*Refer to the [NFR Policy Guide](#) for more information on NFR entitlement per program tier and products. Enterprise and Premier partners may obtain additional NFRs accordingly.

** Refer to the [IUL Policy Guide](#) for additional information. Enterprise partners may obtain additional free licenses accordingly.
