

VMware Software as a Service Production Support

KEY BENEFITS

- Global 24x7 access for SaaS Severity 1 issues
- Fast response times for critical issues
- Unlimited number of support requests
- Remote support
- Online access to documentation, knowledge-base articles, SaaS updates and other technical resources

Overview

VMware Software as a Service Production Support is designed with your access to software-as-a-service (SaaS) products in mind. We are committed to delivering enterprise-class, worldwide support with a focus on a single objective: your success. Our global support centers are staffed around the clock to ensure that you can access the products from a Web browser anywhere the Internet is available. VMware handles software deployment and maintenance, enabling you to focus on running your business.
