

VMware Desktop Standard Support

KEY BENEFITS

- Unlimited number of support requests
- 12x5 access to Technical Support
- Remote Support
- Online access to documentation and technical resources, knowledge base, discussion forums
- Product updates and upgrades

Overview

VMware Desktop Standard Support provides timely support expertise and enables you to maximize the value of your VMware Fusion® licenses – whether you are a small or medium business running VMware Fusion for productivity applications like Microsoft Outlook or Blackberry servers, a design firm checking compatibility across different internet browsers, or a large corporation protecting your investments in Windows software business-critical applications.

VMware offers Fusion Desktop Standard Support for customers who have purchased more than ten licenses of VMware Fusion and have a dedicated internal Desktop Standard Support Customer Team* to act as an internal help desk for their employees.

VMware highly recommends you take advantage of VMware's [online knowledge base](#), [documentation](#) and [discussion forums](#)—complimentary resources that may lead directly to the answers needed!

Additional Information

Purchase information can be found by dialing one of VMware's [toll free numbers](#) and choosing the Sales Option or contacting one of VMware's [resellers](#). Additional information about VMware's support policies and offerings can be found in the [Technical Support Guide](#).
