

VMWARE BUSINESS CRITICAL SUPPORT

(No longer available for purchase as of September 2, 2019)

Personalized Support and Direct Access to Senior-Level Engineers

AT A GLANCE

VMware Business Critical Support is offered as a supplement to the VMware Production Support and Subscription Service. This service provides personalized reactive and proactive support services for VMware customers with business critical virtual infrastructure implementations. The Business Critical Support option provides you with the customer support you require to keep your environment running optimally. You will receive a designated support team, familiar with your environment, who will work with you to:

- Provide support request and critical situation management
- Facilitate recurring team meetings to review support requests, status updates, and upcoming projects
- Coordinate root cause analysis efforts for your critical support requests
- Assist in coordinating VMware resources for multi-vendor troubleshooting efforts

KEY BENEFITS

- Direct Access to senior-level technical support engineers provides expert assistance and speeds issue resolution
- A designated support team who has knowledge of your account, environment, and is aware of your support history
- Help avoid future issues with preventative recommendations
