

VMware Technical Support Summit

Troubleshoot with the experts

You're invited.

Join VMware support experts for a two day VMware Technical Support Summit hosted by Global Support Services on Tuesday 24th & Wednesday 25th February 2015. You will have the opportunity to get updates on the latest VMware product announcements and learn tips and tricks from the EMEA Global Support Services team.

[Register today](#) and tell us which of the sessions you would be most interested in attending. Your feedback will help drive the final agenda of sessions for this seminar.

Session topics include the following:

- General VMware Support Overview - Support Request Workflow and Escalation Procedures
- Data Center & Cloud Infrastructure
- Networking and Security
- Storage and Availability
- Infrastructure as a Service
- Data Center & Cloud Management
- Desktop & Application Virtualization
- Personal Desktop
- Stump VMware Support Experts - Q&A session where you the customer get to set the subject matter and bring your tough questions to our resident experts

Tell us what sessions you're most interested in and [reserve your seat today!](#)
