VMware by Broadcom Partners Simplify Cloud Adoption and Migration Services

Businesses and IT leaders across the world are replacing legacy, on-premises technology with flexible, scalable, and cost-effective computing power in the cloud. Migration as a Service with VMware by Broadcom partners is designed to help you move your applications and data to the cloud seamlessly and in line with your business dynamics.

Gartner predicts that **more than 50% of enterprises** will use industry cloud platforms by 2028 to accelerate their business initiatives.

Source: Gartner (November, 2023)

There is no one-size-fits-all migration package, so using a service provider to manage your requirements and expectations will support your cloud sustainability plans. Cloud migration strategies can be complex at times with a lot of moving parts and can be tailored in many ways to adapt to your business perfectly. Businesses might decide to adopt a cloud infrastructure or refactor their cloud journey to accelerate app modernization, mitigate cloud risks and achieve cost efficiency.

Cloud migration challenges we help you resolve

- Infrastructure incompatibilities
- Cost and time to refactor apps
- Inflexible target networks and security architectures
- Unexpected performance issues

- ✔ Difficulty in scaling infrastructure
- ✔ Gaps in application modernization
- ✔ High resource exhaustion and cost
- ✔ Complex architecture issues
- ✔ Slow application deployment time
- ✔ Issues with migrating massive databases

With VMware by Broadcom-powered migration services, customers experienced a [26% savings](#) on infrastructure cost

Finding the right service provider

Signs you are with the wrong service provider

- Inconsistent planning and delivery
- Failure to achieve SLA targets
- Hidden cost and lock-in contracts
- Frequent technical errors and unexplained downtime
- Lack of responsiveness

Signs to switch to VMware by Broadcom partners

- Strategy tailored to your needs
- Consistent support and resolution
- Budget planning and transparency
- Quality cloud migration
- Rapid support and excellent service

Outsourced cloud migration services that align with your vision

Migration as a Service for hosted private cloud
