Please Note: The visibility of available courses is based on your access level.

 In order to narrow down your search criteria, you can reference the filter options on the left side of the page. Please refer to the three key filters below that you'll need to adjust in order to search for a VMware VCF Digital Learning course.

Key Filters:

1. <u>Provider:</u>

The "Provider" filter allows you to view courses based on the Broadcom division delivering the training.

Within the VMware VCF Division, you'll have two "Provider" filtering options:

- VCF Learning: VCF Learning digital training
- VCF Learning (ILT): VCF Learning Instructor-Led courses

To search for digital learning courses, please select "VCF Learning".

2. Subject:

The "Subject" field allows you to filter by any VMware product. In this section, please select the product that you would like to see classes for.

3. <u>Type:</u>

The "Type" field allows you to filter by course category.

When searching for a full digital learning course, you'll typically select the "Curriculum" option, which provides a list of longer form digital training courses, but you can always reference the "Material", "Online Class", or "Video" options to search for resources or shorter form, eLearning videos.

1.2 Beginning your Digital Learning Course

Once you've successfully narrowed down your search criteria following the instructions in <u>Section 1.1</u>, please find the course you'd like to start and follow the instructions below to begin your digital learning course.

- 1. Click the course you'd like to start, and you'll be directed to the course detail page.
- 2. Then select the "Open Curriculum" button.

Next, click the "View Details" button. 3

From here you can begin the training modules within this course by selecting the "Launch" button next to the 4. module you'd like to start.
