

VMware Enterprise Learning Subscription

Scale your employees' knowledge by training your staff anytime anywhere

At a glance

Efficiently train the IT organization, across the team and around the globe.

Key Benefits

- The most comprehensive digital learning solution covering the entire VMware Cloud Foundation portfolio.
- Solution-specific content created by certified VCF experts.
- Access to all full-length, On Demand VCF courses.
- Convenient, immediate access to the desired digital training 24x7 from anywhere.
- Two complimentary VMware Cloud Foundation exam vouchers for everyone registered on the Enterprise Learning Subscription.

Organizations across the globe share a common challenge: how to efficiently train IT teams with the skills they need to achieve business outcomes.

The VMware Enterprise Learning Subscription™ can help organizations overcome this challenge. A comprehensive digital learning solution with the latest VMware Cloud Foundation (VCF) training content developed exclusively by VMware VCF certified experts, the Enterprise Learning Subscription helps IT teams gain the knowledge, skills and validation for continued success— anytime, anywhere.

Why VMware Enterprise Learning Subscription?

- Designed specifically for IT organizations
- Ideal for a global team with varied skill levels
- Ideal for team needing access to associated labs

What's included in the VMware Enterprise Learning Subscription?

Access to VMware VCF Digital Learning™

All VCF On Demand courses and associated Labs

Two VCF exam vouchers per subscriber

Team learning

- Ideal for geographically dispersed learning—no travel required, and teams train at their own pace.
- Ideal for seasoned VMware learners or those highly experienced in a specific solution topic.
- Advanced content focuses on complex process steps and troubleshooting.
- Generally, includes three or more days (more than 24 hours) of content per course.
