

# VMware vSphere™

Documentation Roadmap – ESX 4.1 Edition

## VMware vSphere – ESX 4.1 Edition

	Introduction to VMware vSphere	Compatibility Guides and Configuration Maximums	Getting Started with ESX	ESX and vCenter Server Installation Guide	Upgrade Guide	Datacenter Administration Guide	Virtual Machine Administration Guide	vSphere Web Access Administrator's Guide	Server Configuration Guide	Resource Management Guide	Availability Guide	SAN Configuration Guides	Guest OS Installation Guide	Online Help
Administration						X	X	X						X
Alarms						X								X
Architecture & infrastructure	X					X	X							
Boot from SAN												X		
Cloning							X							X
Clusters (VMware), creating & managing										X				X
Compatibility		X												
Consolidation, datacenters							X							X
Database, vCenter Server		X	X	X	X									X
Datacenter	X		X			X				X				
Datastores				X	X	X			X					X
Events						X								X
Firewalls				X					X					
Guest operating systems							X						X	X
Health monitoring						X								X
Host profiles	X								X					X
Hosts	X		X	X	X	X								X
Installation			X	X										
Installation, scripted & remote				X				X						
Inventory objects						X								X
iSCSI		X							X			X		X
Licensing						X								X
Linked Mode, vCenter Server	X			X		X								X
Maps						X								X
Migration	X					X								X
Migration, Storage vMotion						X								
Migration, vMotion	X				X	X								X
Networking		X				X	X		X					X
Performance						X								X
Permissions & roles						X								X
Pluggable storage arrays	X								X			X		
Power states						X	X	X						X
Raw device mapping					X				X					
Remote access URLs, vSphere Web Access								X						
Resource management										X				X
Resource pools										X				X
Restore & recover											X			
SAN & ESX hosts		X		X	X							X		
Security						X			X					
Service console				X	X									
Snapshots														X
SNMP						X								X
Starting & stopping servers						X	X							
Storage		X				X			X			X		X
System requirements			X	X	X							X		
Tasks						X								X
Templates							X							X
Upgrades					X									X
Users & groups						X			X					X
Virtual machines, creating & configuring			X				X	X						X
vSphere Client	X	X	X	X	X	X								X
vSphere Web Access				X	X			X						
VMware DPM										X				
VMware DRS	X	X								X				X
VMware Fault Tolerance	X										X			X
VMware HA	X	X									X			X
VMware Tools			X		X		X	X
